- *We chose Casa dei Bambini Montessori over a larger preschool so our son would have more one on one attention. It has been a great transition for him from being home during the day to getting used to being part of a group. He is learning a lot at his own pace in a wonderful environment. We are definitely pleased with our decision!*

- *We are so happy with the education that our child is getting at Casa de Bambini. The small class size is so important and our child receives so much one on one learning time. We would recommend Casa de Bambini to everyone with preschoolers.*
